- One or three-hole faucet installation
- Optional matching steel deck plate three-hole
○ installation
- Steel flex water lines
- Ceramic disc cartridge
- Solid brass construction
- Brushed Nickel

Classic styling coupled with an innovative pivoting head unlike traditional swivel spouts set the Sierra faucet apart, quietly enhancing your bathroom space. Solid brass construction delivers the utmost in beauty, durability, and long-lasting performance, while the internal ceramic disc cartridge, rubber seals, and industry-leading UPC/CUPC certification standards ensure the high standard of quality and years of use backed by our 1-year warranty. All Moorefield faucets include an optional deck plate in a matching finish for single or three-hole installation, mounting accessories, and an illustrated installation manual.
