

LYRA One-piece Dual-flush Toilet

Model: **CT606MX**

- One-piece construction
- Eco-friendly dual-flush operation (1.6 GPF/1.1 GPF)
- Powerful 1,000g flush power
- Double-glazed, corrosion resistant glossy white finish
- NOM/CUPC/UPC and Eco-certified
- Soft-close seat and cover
- Wax ring and mounting hardware included
- 5-year warranty (ceramics), and 1-year warranty (accessories)

Featuring sleek lines, a low-profile silhouette, and an easy-to-clean surface, the LYRA one-piece toilet delivers an instant upgrade to a master bath or guest bathroom. The seamless one-piece design provides a fresh look combined with reliable, eco-friendly function built to last for years of daily use.

Our powerful dual-flush system controlled by two separate buttons at the top of the tank is designed to conserve water without sacrificing performance. An elongated bowl offers maximum comfort while the soft-close seat and cover both prevent slamming and at the same time simplifies cleaning and installation.

Constructed of durable commercial-grade vitreous china and finished in a premium double-glazed glossy white coat, the LYRA toilet will resist corrosion and staining, while the concealed trapway results in a smoother, less utilitarian appearance which also makes it easier to clean. All Moorefield toilets arrive complete with mounting hardware, watertight wax rings, rubber seals, and corrosion-resistant hardware included.
