- Solid brass construction
- Brushed Nickel

Elevate your bathroom decor with the Moorefield DALTON Faucet. Streamlined design and the simplicity of a single handle results in the perfect enhancement to any modern-day bath space. Built to last, the DALTON is constructed of solid brass and is finished in a smudge-resistant coat which battles mineral buildup for a long-lasting clean look. The ceramic disc cartridge, rubber seals, and industry-leading UPC/CUPC certification ensure the high standard of quality for years of use and are all backed by our 1-year warranty. All Moorefield faucets include an optional deck plate in a matching finish for single or three-hole installation, mounting accessories, and an illustrated installation manual.
