Model: **EB4342M-PCH**

- Three-hole widespread installation
- Sleek high-arch design
- Solid brass construction
- Ceramic disc cartridge
- Matching pop-up drain included
- Corrosion-resistant polished chrome finish

“The Moorefield TANET faucet delivers an instant upgrade to your bathroom countertop space. Solid brass construction and the included ceramic cartridge help withstand mineral buildup, and an overall clean transitional aesthetic allows this design to blend in with virtually any existing bathroom setting. Finished in a premium smudge and corrosion-resistant coat found in luxury fixtures results in significantly less time spent removing dirt and grime from everyday use. This faucet configuration is widespread and requires three-holes pre-drilled into the counter surface for an 8-inch widespread installation. Included with this faucet set is a matching pop-up drain in polished chrome. Ensuring and exceeding the highest standards of quality and eco-friendly operation, the TANET faucet is proudly lead-free and UPC/CUPC certified. All Moorefield faucets are backed by our internal 1-year warranty, include all mounting hardware, and illustrated installation guides.”
