*“Fusing magnetic technology and modern style, the FORCE Kitchen Faucet by Moorefield offers both form and function in one sleek design. Our original Moorefield water flow system is taken to another level with a new and improved push-button power spray control for maximum effect. The flow is directed through a flexible black rubber hose that fully swivels and docks with a magnet to secure hose into place. The FORCE faucet operates with a single lever to control the water volume and temperature adjustments, making it easy to use. Eco-friendly in its water output and easy to install, the Moorefield FORCE faucet will instantly elevate any kitchen workspace.”*
